

Invitation for Seminar on:

“How to Spot Fake IDs and Fraud Detection & Money Mules”

Speaker: **Mr. Norberto Nabong**
Lecturer

Course Description:

There appears to be little doubt about the fact that frauds and forgeries in organizations are a matter of the greatest concern to businessmen, bankers, the regulators, monetary and political authorities and the public in general today.

The problem is serious because such fraudulent practices had led to the collapse of some institutions and is still crippling the expected growth of many organizations in profitability.

Fraud and Forgery are not new; they are as old as the business industry itself.

Judging by the facts available in respect of major frauds perpetrated in the past and considering their successive successes, the sophistication involved in terms of planning and carrying out of operations, authorities painfully reiterated the fact that fraud is an upcoming sector of the invisible, yet forceful industry called crime.

Fraud and Forgery is the number one enemy of business, specially the banking system.

It is not only limited to developing country but also a complex universal phenomenon rampant in the developed countries also.

It is one of the most intractable problems of modern day business and banking.

Every responsible management of any organization, therefore, should make it a priority to improve vigilance every day as millions are still being lost to Frauds and Forgery on daily basis.

The extent of frauds has continued to escalate rather than abated.

Learn and be aware.
